\$1695

**GLATT SPEAKERS** • Ed Godek • Scott Barrett •  
Mark Leyrer • Greg Jayne • Ilmer Basuljevic •  
Noy Laohavichien • Vijay Rana

## PROGRAM

### DAY 1

Fluid Bed Systems  
& Drying  
Nozzles  
Process Selection  
Fluid Bed Granulation &  
Scale Up  
High Shear Granulation  
Granulation Formulations

### DAY 2

Hands-on Demos @ Glatt  
Filmcoating Formulations  
Wurster Coating &  
Scale Up

### DAY 3

Tablet Compression  
Pan Coating  
Rotor Processing  
Direct Pelletization w/ CPS  
Continuous Manufacturing  
PAT  
Troubleshooting

## GUEST SPEAKERS

Gus LaBella • Colorcon  
Firouz Asgardazeh • Evonik  
Jim Mossop • Fette Compacting  
Chris O'Callahan • Innopharma

20 Spear Road  
Ramsey, NJ 07446

# CURRENT PRACTICES IN SOLID DOSAGE FORM PROCESSING SEMINAR

## TECHNICAL CONTENT

Processes which can be performed in fluid bed processors, high shear granulation, pan coating, and continuous manufacturing are all reviewed.

The format includes applications, principles of operation, product and process variables, case studies, scale-up factors and troubleshooting.

Lectures are supplemented by demonstrations in our FDA registered process labs.

Our goal is to give attendees a better understanding and, therefore, more precise control of their equipment and processes.

## BRING YOUR LAPTOP

A complimentary memory stick will be provided with all course materials. Course binders will not be available unless requested on the registration form.

## LOCATION

Registration and all lectures will be held at the Sheraton Mahwah Hotel, Mahwah, NJ. On the second morning, attendees will be transported by bus to Glatt Air Techniques' process development lab in Ramsey, NJ for lab demonstrations. The Glatt facility includes 13 processing suites equipped to permit a wide variety of drying, granulating, coating, pelletizing and compression equipment.

## NETWORKING SOCIAL

Please join us Tuesday evening at the Sheraton for a complimentary networking social, including food and beverages.

## CERTIFICATION

All attendees will receive a certificate of completion which can be used in support of cGMP requirements for staff training.

## REGISTRATION FORM

# CURRENT PRACTICES IN SOLID DOSAGE FORM PROCESSING SEMINAR
